Transform Procure-to-Pay Operations with Automated Compliance and Intelligent Cost Control

Why eInvoicing is Critical

Manual invoice processing slows down operations and introduces unnecessary cost and risk:

➡ Processing a single invoice can take **up to 20 days**

➡ **63%** of organisations experience regular invoice processing

➡ **Non-compliance** with eInvoicing mandates can result in **disqualification from government contracts**

With **PEPPOL eInvoicing fully embedded in RapidAP** — the Accounts Payable module of our **RapidP2P** suite — you gain a   Seamless automation ensures consistent control across your entire procure-to-pay process.

Why eInvoicing is Critical

According to the ATO and Deloitte Access Economics:

Paper	**$30.87**
PDF	**$27.67**
eInvoice	**$9.18**

That's a **70%+ reduction** in invoice processing costs compared to manual handling.

At Efficiency Leaders, **we believe organisations can go even further.** Our customers benefit from **lower-than-average invoice costs,** thanks to our optimised processing engine, intelligent automation rules, and native PEPPOL integration.

What is PEPPOL?
